

PRIVACY POLICY

Data Collected

We make every effort to ensure that no personally identifiable information is collected when you visit our websites. The areas where you are asked to provide any personal information come with the reasons why we need it. When you contact us directly, we may ask for some personal information like your name, email, address, phone number, and the nature of your message/inquiry. You might need to provide us with your information such as name, email, address, and phone number when you register for an account with us.

Purchase Data:

We might require some information when you get in touch with us to purchase a product or service. Your purchase data is only used to complete your order and will not be shared with any third-party companies.

Comments:

The information you submit through our contact forms such as your name, email, address, or phone number, is sent to our company email, hosted by Zoho. Zoho adheres to the EU/US “Privacy Shield” policy and you can find more information about this here: [Zoho Privacy Policy](#).

Cases for Using the Personal Data:

- To verify/identify the user using the website.
- Sending updates to our users with important information about product/service
- Customize the website to make your experience more personal and engaging

Check that all administrative functions run smoothly
